PROFESSIONAL SUMMARY

Software Engineer with 2+ years of experience building and maintaining production web applications using PHP, JavaScript/TypeScript, React and Node.js. Experienced in REST API integration, MySQL/PostgreSQL, debugging, performance optimization, testing, deployment and maintenance, with Python automation and ETL experience. Built AI and data projects including an LLM-powered analytics platform with JWT authentication and CI/CD.

TECHNICAL SKILLS

Languages: PHP, JavaScript (ES6+), TypeScript, Python, SQL, HTML5, CSS3

Backend & APIs: RESTful JSON APIs, PHP (OOP), Flask, Node.js (working knowledge), JWT, OAuth (basics), third-party API integrations

Frontend: React, Next.js, Tailwind CSS, jQuery, Axios

Databases: MySQL, PostgreSQL, Supabase

Platforms: WordPress, WooCommerce, Shopify, Elementor

DevOps & Tools: Git, GitHub Actions, CI/CD, Vercel, Docker (basics), Postman, Figma

Practices: Debugging, API testing, responsive and cross-browser testing, Agile/Scrum

AI & Data: Scikit-learn, NLP/LLM integrations, ETL pipelines, data processing, dashboards

PROFESSIONAL EXPERIENCE

Web Developer | RawwGear Mar 2025 – Present

- Own and maintain the production e-commerce stack (WooCommerce, custom PHP, frontend), including features, debugging and releases.
- Developed custom PHP for WooCommerce: discount logic, product rules and coupon systems backed by MySQL queries (wpdb).
- Optimized performance and resolved cross-browser and production issues, improving responsive behavior and site reliability.
- Contributed to an approximately 30% reduction in user-reported issues through debugging and reliability improvements.

Frontend Engineer | OneSoul Pvt. Ltd. Dec 2024 – Mar 2025

- Built responsive sites from Figma designs using custom PHP themes, child themes and plugins (OOP PHP, JavaScript, jQuery).
- Developed and maintained RESTful API integrations; implemented user authentication flows and third-party service integrations.
- Debugged and optimized production frontends across 5+ products (1,000+ active users); reported ~40% faster page loads and ~30% higher engagement.

Web Developer & Automation Engineer | OSR Web Services Jul 2024 – Dec 2024

- Delivered custom PHP plugins, WooCommerce customizations, server-side features and REST API integrations for client sites.
- Worked directly with MySQL: schema design, custom queries and data manipulation for dynamic application features.
- Built Python automation scripts processing 1,000+ records daily, saving approximately 7 hours per week.
- Developed 3+ React applications integrated with REST APIs.

SELECTED PROJECTS

AI Product Analytics Copilot | React, TypeScript, Supabase, PostgreSQL, JWT, LLM
Live: product-analytics-copilot.vercel.app | Code: github.com/HanshikaJ21/product-analytics-copilot

- Built a full-stack analytics platform with React/TypeScript, Supabase/PostgreSQL, REST API backend functionality and role-based JWT authentication.
- Built KPI dashboards and an LLM-powered natural-language query engine; deployed through CI/CD.

Apartment Price Tracker | Python, GitHub Actions, PostgreSQL/MySQL, Streamlit
Live: apartmenttracker-seyd9ssqca2j5lrsprrkjq.streamlit.app

- Built an automated ETL pipeline (Python, GitHub Actions) tracking 500+ property listings weekly in PostgreSQL/MySQL.
- Built a REST API backend and an interactive Streamlit dashboard for visualization and analysis.

AI Resume Verifier | Next.js, TypeScript, FastAPI, Python, NLP
Live: ai-resume-verifier-beta.vercel.app

- Built an AI-assisted resume/job-description matching app: Next.js/TypeScript frontend, FastAPI/Python backend.

Loan Prediction System | Python, Scikit-learn, Flask, REST APIs

- Built a Scikit-learn classification pipeline (~92% accuracy) and exposed the model through a Flask RESTful JSON API.

EDUCATION

B.E. Information Technology – VESIT, Mumbai 2020 – 2023

Diploma in Computer Engineering – VES Polytechnic, Mumbai 2017 – 2020

CERTIFICATIONS & ACHIEVEMENTS

React.js Certification | Web Development Certification – Maharashtra Technical & Self-Employment Training Society | 2nd Prize – Technical Paper Presentation
